

## Pre-S1 Bridging Course

### 中一暑期銜接班

Each year, incoming Form One students have the chance to attend several bridging courses that help them transition to Secondary School. This transition can be difficult, but the bridging courses give new students a chance to get used to their new learning environment.

One of the English bridging courses is taught by our NET, Mr. Bates. This year the class was all about drama. Students worked hard to produce a drama concept, write and edit a script, practice, and then perform their dramas in front of a real audience in the school Hall. The class was well-attended, and the students had a fun time!

# A New Look of Our English Room

## 英文室的新面貌

Our English Room has undergone some dramatic changes! It is more attractive and conducive to group learning. We all love the new look!

Individual student desks have been replaced with fresh new tables and comfortable chairs.

Sit and relax at this corner of English magazines and board games.

Mock exam papers and grammar exercises are ready on the shelf for self-access learning.

Look at these posters and share the fun we had in different English activities.

# Activities

Students can enjoy a variety of extra English classes in our English Room.

## The Morning Listening Class

The class gives students an early-morning opportunity to practice listening English. Some of the material is pretty challenging, but our students are always up for a good challenge!

## The Lunch Oral Class

Students gather together with teachers and tutors to practice Group Discussion during lunchtime. The atmosphere of the class is brisk and businesslike, but the students enjoy the chance to get detailed feedback about their performance.

## Afterschool classes

They help students improve in all four areas of language competency: Listening, Speaking, Reading, and Writing. Afterschool classes are popular and well-attended.
